## All four books in the bestselling Montana Wolves series!

### Book One- PREY

When a gorgeous stranger rescues her from a vicious wolf attack, nature photographer Amalie Baptista can't seem to fight the attraction to her savior. What she doesn't know is that giving in to him could mean giving up life as she knows it...

Alpha male Liam Albrecht is breaking every rule for the curvy, captivating Amalie, risking his place within the pack and his own life to protect her. As discord among the clans reaches a fever pitch, he must find a way to save her from the monsters among them.

### Book Two- AWAKENING

Jax Mulaney's mate is dead and her killer's trail has gone cold. Eaten up by grief and guilt, it's an effort just to get through the day. Now, after a year in mourning, his animal instincts have reawakened. As he struggles to control the need clawing at him, his pack mate Chandra's dangerous curves and snappy wit put his self-discipline to the test.

Chandra is heartsick watching Jax struggle, and wants nothing more than to comfort him. If she takes his offer of passion without strings, she knows she's in for a world of hurt. But if she refuses, she might blow her one chance to convince him that she can rock his world and fill the empty space in his heart. Will Jax let love in, only to risk having it taken away again?

### Book Three- REDEMPTION

Amber Jansen is losing her mind. After a near tragic run in with a psychopath, she's trying to go back to life as she knew it, but she can't seem to shake the feeling that something is still terribly wrong. Plagued with nightmares and panic attacks, she wonders if she's buried some important piece of information in the depths of her mind. Information so disturbing that remembering it could destroy her...

Wolf shifter Billy MacKenzie has lived by one rule and one rule only: The pack comes first. Always. But when Amber Jansen accidentally sees something she shouldn't have, he feels an unprecedented desire to protect her from the powers that be, who would rather silence her forever than risk being exposed.

If he breaks the laws of his kind to shield her, he'll leave himself vulnerable to the one woman he wants but can never have.

## Book Four- Opposition

Times are changing for the Montana wolves, and they're changing far too quickly for Maggie Porter's liking. After a bloody battle with one rival pack and another on the horizon, she wishes things could just go back to the way they used to be. But not until she gets to the bottom of this latest mystery. Who is Greyson West, really, and why did he help her escape the enemy?

Greyson West can't wait to bring his all too traditional pack into the future. Stuck under his father's tyrannical rule that still supports arranged marriages and allows the murder of humans for sport, he knows the time to step in and take over as alpha is now. But his mission is derailed when he meets a stubborn female who he can't get out of his head.

Sleeping with the enemy could cost him his chance at becoming alpha, but he's never been much on following the rules...
