Embodied Practices: Feminist Perspectives on the Body (European Journal of Women's Studies Readers series)

Embodied Practices: Feminist Perspectives on the Body (European Journal of Women's Studies Readers series)

This book focuses on the significance of the body in contemporary feminist scholarship. In recent years, the body has become a 'hot item' in both contemporary social theory and research. This renewed interest has received a mixed reaction from feminists. While the body may be back, the 'new' body theory often proves to be just as disembodied as it ever was. The body revival seems to be less an attempt to re-embody masculinist science than just another expression of the same condition which evoked the feminist critique in the first place: a flight from femininity and everything that is associated with it in western culture.

Embodied Practices offers a critical appraisal of the recent 'body revival', drawing upon insi
