**About the New Scofield Reference Bible** Dr. Peter S. Ruckman

In an attempt to hijack the readership of the original Scofield Reference Bible which retained the text of the Authorized Version, the editors of the New Scofield Reference Bible changed the text of their work in something like 500 places while claiming to publish the Authorized Version; that is, they lied! Just as the “New” King James Version smuggled the readings of the Revised Standard Version into the King James text, the New Scofield Reference Bible smuggled the readings of the defunked American Standard Version into the text of the Authorized Version. In this work, Dr. Ruckman shows you where the editors of the NSRB lied about their text. And although Oxford Press now publishes an edition of the NSRB with the actual KJV text, they still print the altered text right along with the new edition, so the material in this work is relevant as it was when it was first published.
