Have you struggled with nagging questions about the end times? Have false end-time predictions left you wary and wondering? Do you want to know what your Bible really says about this? Fact #1: Twenty-five percent of the New Testament references the end times. Fact #2: Eschatology, after Salvation, is the second most frequently mentioned doctrine of the New Testament. Fact #3: The doctrines of salvation and eschatology are linked together in God's eternal plan for mankind. Consequently, understanding the end times is critical to understanding the New Testament!

Ortho-Millennialism: Bringing Order to End-Time Chaos offers the key to unlocking these mysteries. By building on the foundation of what the first century church believed and learning how to apply this knowledge to the present, the book provides a historical, theologically rich, and yet practical look at the end times.

This is the first and only book to provide a *complete framework* for understanding the end times. This professionally edited book, two years in the making, will clear up the confusion surrounding this important topic.
