## Attitudes and Attitude Change (Frontiers of Social Psychology)

This volume assembles a distinguished group of international scholars whose chapters on classic and emerging issues in research on attitudes provide an excellent introduction for advanced undergraduates and graduate students. The book's chapters cover all of the most critical features of attitude measurement, attitude development, and attitude change. Implicit and explicit approaches to measurement and conceptualization are featured throughout, making this one of the most up-to-date treatments of attitude theory and research currently available.

The comprehensive coverage of the central topics in this important field provides a useful text in advanced courses on persuasion or attitude change.

#### **Leonard Jones:**

As a student exactly feel bored for you to reading. If their teacher asked them to go to the library in order to make summary for some reserve, they are complained. Just little students that has reading's spirit or real their interest. They just do what the educator want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Attitudes and Attitude Change (Frontiers of Social Psychology) can make you really feel more interested to read.
