A Story Of Grace: Holistic Healing After A Diagnosis Of Breast Cancer Nancy Ann Battilega

This is the story of my journey to health and wholeness after a dianosis of breast cancer, and the events in my life that prepared me to choose this particular path of healing. I know that each individual is unique and each illness is unique to that individual. There is no one size fits all when it comes to cancer or any other illness. Nevertheless, I write in the hope that others, who find themselves in circumstances similar to mine, will be inspired to move through their journeys free from fear, taking all the time necessary to discover what their bodies need in order to heal. This story may stretch your imagination, but I assure you every word is as true as I can tell it. We each have a unique voice. I have attempted to tell a story which conveys the truth of my journey in a way that others might say, She is telling my story.
