World Democratic Federalism: Peace and Justice Indivisible (International Political Economy Series)

M. Frankman

Myron J. Frankman provides an interrelated set of initiatives whose components are consistent with the logic of both the process of globalization and the emerging properties of our time: Sustainability, democratization, equal opportunity, diversity and peace. He brings together the case for global public finance, a single world currency and a planet-wide citizen's income, all within the context of democratic federalism extending from the local to the global.
