Hibiscus Jacqueline Walker

While the flamboyant blooms of hibiscus conjure up images of the tropics, there are today many new hybrids that flourish in subtropical and even temperate climates. And indeed, in cooler climates hibiscus grown in containers will do well all summer long and then move indoors to bring sunny color and extravagance to homes surrounded by winter. Readers living in northerly climates will be thrilled to learn that they too can enjoy tropical splendor year-round.

The focus of this book is on the home garden, in containers and in small spaces. Hibiscus provide welcome and wonderful color in garden design. A special chapter discusses selecting and growing hibiscus in cool climates. The superb photography and practical, easy-to-follow advice also covers:

- the history of hibiscus in cultivation
- choosing, siting, planting and staking
- pruning and propagation
- an organic approach to pests and diseases
- specifics of container culture
- uses in garden design.

With over 90 full color photographs and a list of over 200 recommended hybrids for various uses -- including cool climates, dwarfs and standards, foliage, unusual color, hedging, espalier, long-lasting blooms, containers, and suitable for beginners -- **Hibiscus** is a compact, comprehensive guide to these fabulous flowering plants.

From reader reviews:

Frank Huynh:

Why don't make it to be your habit? Right now, try to prepare your time to do the important take action, like looking for your favorite reserve and reading a reserve. Beside you can solve your long lasting problem; you can add your knowledge by the reserve entitled Hibiscus. Try to face the book Hibiscus as your friend. It means that it can for being your friend when you experience alone and beside that of course make you smarter than in the past. Yeah, it is very fortuned in your case. The book makes you a lot more confidence because you can know everything by the book. So, let's make new experience as well as knowledge with this book.

Gerald Conway:

The book Hibiscus make you feel enjoy for your spare time. You may use to make your capable far more increase. Book can being your best friend when you getting tension or having big problem along with your subject. If you can make reading a book Hibiscus to become your habit, you can get a lot more advantages, like add your personal capable, increase your knowledge about several or all subjects. You may know everything if you like available and read a book Hibiscus. Kinds of book are several. It means that, science book or encyclopedia or others. So, how do you think about this publication?

Emmaline Jett:

The reason why? Because this Hibiscus is an unordinary book that the inside of the book waiting for you to snap it but latter it will distress you with the secret the idea inside. Reading this book beside it was fantastic author who else write the book in such wonderful way makes the content on the inside easier to understand, entertaining method but still convey the meaning fully. So, it is good for you for not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of benefits than the other book have got such as help improving your skill and your critical thinking approach. So, still want to hold up having that book? If I ended up you I will go to the reserve store hurriedly.

Margaret Wynkoop:

Playing with family in a park, coming to see the water world or hanging out with pals is thing that usually you may have done when you have spare time, subsequently why you don't try matter that really opposite from that. 1 activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Hibiscus, you could enjoy both. It is good combination right, you still want to miss it? What kind of hangout type is it? Oh seriously its mind hangout folks. What? Still don't buy it, oh come on its identified as reading friends.
