Jesus H. da Vinci: An Adventure of Spirit D K Stanley

Like all other humans, Jesus H. da Vinci came into this world naked and unable to defend himself. However, this particular human happens to be an alien scientist who materialized as a full-grown human male. Having selected Austin, Texas to do his research, he is on a mission to study humankind and its culture. After a rocky yet relatively successful beginning, he soon begins to have difficulty dealing with his emotions. While he had studied human emotions in preparation for his mission, he never thought that he would be affected by them since he was only on Earth to observe. It doesn't take long before several traumatic episodes have him questioning his mission and even his existence. But the Universe doesn't let him flounder for long. Provided with help and guidance, the observer becomes a participant. Starting a conscious spiritual path, Jesus dives into humanity—exploring religion, politics, sex and love—until he learns how to be truly happy. However, all good things must come to an end...or must they?
