**Knowledge Partnering for Community Development (Community Development Research and Practice Series)** Robyn Eversole

Effective community development means that many different stakeholders have to work together: governments, development organizations and NGOs, and most importantly, the people they serve. *Knowledge Partnering for Community Development* teaches community development professionals how to mediate community needs and development agendas to make community-based solutions for development challenges.

Based on the newest research in community and global development, Eversole shows readers a strong research and theoretically based framework for understanding local development processes, and gives them the skills to turn this into cutting-edge practice. Each chapter features global case studies of innovative community-state partnerships, and practical application exercises and strategies for professionals looking to bring new approaches to their research. *Knowledge Partnering for Community Development* is essential for community workers and students of community development looking to bridge the gap between research insight and best practice between community actors.
