In 1948, former Broadway actor and WWII B-17 bomber pilot Garry Davis renounced his U.S. nationality as a personal action for world peace and declared himself a World Citizen. Since then the movement he set in motion has spread around the world. World Citizenship has become central to myriad activities promoting global peace through world law. Passport to Freedom shows how World Citizenship can be a powerful moral and political tool that reveals the living reality of One World. But it is more. It is a sourcebook of theory and practice that can empower the individual citizen allied with humanity. Through numerous examples, Davis proves that world citizenship is not merely a noble theory. It works. Thousands of people have used the tools described in this book to enter and leave more and more countries and successfully challenge national authorities around the world. As an inspiring story and practical guide, this ground-breaking book will provide readers with their own "PASSPORT TO FREEDOM."
