Making and Doing Deals is a book that your students will learn from long after they graduate. It is also a book that should be fun for you to teach from. It's a book that students will enjoy, and, therefore, a book that they will *read*. Since the First Edition, students have been reading Making and Doing Deals because the cases, problems, and text not only help them learn what they need to know as first-year law students, but also address the real-world problems and situations they will encounter after their final exam.
