Motherhood May Cause Drowsiness: Funny Stories by Sleepy Moms (First Edition) Lisa Nolan

"From start to finish, this book is a gem. I can't think of a mother who shouldn't read it, whether you have a newborn or grown children, you will totally relate to these funny and heartwarming stories. This second edition includes 18 new essays from some amazing authors. Having bought the first 'Motherhood May Cause Drowsiness,' I was delighted to read this new edition. One of my favorite quotes from the book: Organic homemade cakes made out of kale and promises. This book is funny and then funnier.

"If you are a sleep deprived mom or know one, this is a book you definitely want to read. I know my best friend with a new baby is getting one instead of onesies and baby bottles!"--Stephanie Marsh, We Don't Chew Glass

"The second edition was as delightful and inspiring as the first! A sweet reminder that I'm not crazy for always being exhausted--and that laughing about all the mess is a REALLY good thing. Thanks, ladies--you nailed it again!"--Meredith Spidel, Mom of the Year

"Highly enjoyed my advance copy of 'Motherhood May Cause Drowsiness.' From funny stories, like Lea Grover's 'Bedtime Lament,' to practical advice such as Newlin de Rojas' 'Seven Sacred Sleep Tenets,' there is something for every mom in this book. Child induced sleepiness is something to which every mother can relate and it is reflected perfectly in this collection of stories. Every mom needs to hear that they are not alone and that is just what they will get from this funny and touching book. A perfect Mother's Day gift or New Mother gift."--Erin Buhr, Bambini Travel

"Those who are fighting the battle of sleep deprivation will more than relate to this collection of stories from the trenches. Annie Swingen perfectly describes the feelings of guilt and self-doubt in the 'The New Parent Guilt Trip.' Renea Dearing-Dijab humorously admits to judging others before having kids herself--something most parents have done. There are plenty of laughs and commiseration for new parents that should get them through those wee hours of the morning."--Bunny B., 'Picky buyer'

"The stories are sometimes thought-provoking ('What Mommies Need: Hint: It's Not Sex'), sometimes laugh-inducing, and--most importantly--ALWAYS honest. This book is highly-relatable, easy-to-digest read for all moms out there. Totally recommended!"--Jessica Burdg
