Cush to Mysterious Babylon: Africa and the Covenant People examines the histories of the African people and their continent, and how this has impacted and shaped world history. This deep exploration of the cultural and religious history of African societies supplements what the weekly sermon cannot fully cover. That is to say, Cush to Mysterious Babylon: Africa and the Covenant People looks into the history of religion and the influence of the African people upon it, and of course, the influence of religion upon the African continent. While it seems, at times, that society will go to extremes to prevent the success of a people, Cush to Mysterious Babylon: Africa and the Covenant People emphasizes that every ethnic group, and every individual, has a purpose and a place on Earth. Man's attempt to diminish cultural differences opposes God's plan. Cush to Mysterious Babylon: Africa and the Covenant People will bring the reader one step closer to understanding purpose.
