Metabolic Pathways of Agrochemicals, Part 2: Insecticides and Fungicides (Metabolic Pathways (Royal Society of Chemistry)) (Pt.2)

Metabolic Pathways of Agrochemicals, Part 2: Insecticides and Fungicides (Metabolic Pathways (Royal Society of Chemistry)) (Pt.2)

This important publication provides a comprehensive summary of data and information on the metabolism and chemical degradation of agrochemicals in soils, plants and animals. Part 1, Herbicides and Plant Growth Regulators, and Part 2, Insecticides and Fungicides, together provide a major bibliography, as each entry is fully referenced. Contents include metabolic products, pathways and mechanisms, together with useful details on physico-chemical properties and mode of action. Both parts are organised by class of chemical for easy reference. There are separate entries for each pesticide, covering most commercially available chemicals in use today. In addition, an overview of the metabolism of each major class provides the reader with an informed summary of key similarities and significant differences between individual chemicals. Information is based primarily on literature from the past 40 years of research, together with some important, previously unpublished work provided by the agrochemical companies. Presented in a systematic, easy-to-read style, with extensive indexing to facilitate the rapid location of required information and the comparison of related compounds, Metabolic Pathways of Agrochemicals is an invaluable reference for chemists, biochemists and biologists working in the discovery, development and registration of agrochemicals, as well as scientists in related areas such as design and mode of action of pharmaceuticals.

From reader reviews:

Alison Caulfield:

Nowadays reading books be a little more than want or need but also become a life style. This reading behavior give you lot of advantages. The advantages you got of course the knowledge your information inside the book that improve your knowledge and information. The details you get based on what kind of e-book you read, if you want send more knowledge just go with education books but if you want truly feel happy read one together with theme for entertaining for example comic or novel. The Metabolic Pathways of Agrochemicals, Part 2: Insecticides and Fungicides (Metabolic Pathways (Royal Society of Chemistry)) (Pt.2) is kind of e-book which is giving the reader unstable experience.

Melissa Peterson:

Reading a book tends to be new life style in this particular era globalization. With examining you can get a lot of information that may give you benefit in your life. Having book everyone in this world may share their idea. Guides can also inspire a lot of people. Many author can inspire all their reader with their story or their experience. Not only the story that share in the publications. But also they write about the information about something that you need illustration. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors these days always try to improve their skill in writing, they also doing some study before they write with their book. One of them is this Metabolic Pathways of Agrochemicals, Part 2: Insecticides and Fungicides (Metabolic Pathways (Royal Society of Chemistry)) (Pt.2).

Emery Flores:

People live in this new morning of lifestyle always try to and must have the time or they will get great deal of stress from both daily life and work. So , whenever we ask do people have extra time, we will say absolutely of course. People is human not a robot. Then we request again, what kind of activity do you have when the spare time coming to anyone of course your answer may unlimited right. Then do you try this one, reading books. It can be your alternative throughout spending your spare time, the actual book you have read is Metabolic Pathways of Agrochemicals, Part 2: Insecticides and Fungicides (Metabolic Pathways (Royal Society of Chemistry)) (Pt.2).

Wendell Radford:

Many people spending their time period by playing outside along with friends, fun activity with family or just watching TV the entire day. You can have new activity to spend your whole day by studying a book. Ugh, do you consider reading a book can really hard because you have to bring the book everywhere? It alright you can have the e-book, bringing everywhere you want in your Cell phone. Like Metabolic Pathways of Agrochemicals, Part 2: Insecticides and Fungicides (Metabolic Pathways (Royal Society of Chemistry)) (Pt.2) which is having the e-book version. So , why not try out this book? Let's find.
