A terrorist plot puts their lives-and hearts-on the line. When Jackson McKay and his daughter are kidnapped, their captors demand his research files on a devastating chemical weapon-or they'll kill his little girl. Jackson searches desperately for a way to save his daughter and also protect his country from the terrorists. No risk is too great. His daring escape sets in motion a deadly game of cat and mouse. Arriving at the scene of a wildfire, smokejumper Lauren Michaels and her crew are caught in the crosshairs of Jackson's nightmare. Lauren is the only one who can lead Jackson off the burning mountain and to the police. In order to prevent a national crisis and save a child's life, they embark on a treacherous journey-one step ahead of a sniper! But more than their lives are at risk, because an unexpected heat flares between them that may cost them their hearts. Warning: This title contains sex, strong language, some violence, smart men, courageous women, and heart-pounding action. Possible side effects of reading include racing pulse, missed sleep, and nail biting.
