D. H. Lawrence

'Psychoanalysis and the Unconscious' and 'Fantasia of the Unconscious' (The Cambridge Edition of the Works of D. H. Lawrence) D. H. Lawrence

Written in Lawrence's most productive period, the two essays *Psychoanalysis and the Unconscious* (1921) and *Fantasia of the Unconscious* (1922) propose an alternative to what Lawrence perceived as the Freudian psychoanalytic theory of the unconscious and the incest motive. In doing so they also develop his ideas about the upbringing and education of children, about marriage, and about social and even political action. These writings form an illuminating guide to his philosophy in general, and the thinking behind his other published works.
