Your internet marketing plan just got a heck of a lot better. As an orthodontist, you have an unprecedented opportunity to take advantage of the internet marketing boom. And make a great deal of money in the process. The problem is that most orthodontists are doing it completely wrong. They're spending a massive amount of time and money but not getting any results. Internet Marketing for Orthodontists will show you: - A complete click-by-click path to getting your practice online the right way. - What your website really sells. (hint: It's not orthodontic services.) - Why internet marketing isn't just something that happens in a box somewhere -- it happens in your office too. - How to make a prospect immediately zero in on your practice when they visit local listings sites. - The fad marketing tactics that will eat up your bottom line, waste your time, and ultimately make you give up on internet marketing. - Much, much more.
