Shiver: the life and times of a serial marrier

Hans von Osten

Shiver: the life and times of a serial marrier Hans von Osten

This is a rollicking novel about marriage in America with epic depictions of bad weather and even worse human behavior [adult situations, language, sexual content]. It is the story of a man who not only loved women but married twelve of them. It is also a chronicle of America; and like the last half of the 20th century, it is a wild ride with our matrimonial hero circumnavigating the country and having adventures you could only hope to imagine and pray to avoid. Alternately shocking, funny, radical, literary, and religious (while only occasionally sad in the tradition of Tom Jones and Moll Flanders), this virtuoso first novel reinvents the picaresque entertainments popularized by Henry Fielding and Daniel Defoe. So put away your other novels of Scandinavian sorrow and introduce yourself to a new American author.
