Official Guide to Coin Grading & Counterfeit Detection John W. Dannreuther

The Official ® Guide to Coin Grading and Counterfeit Detection is the guide that explains, illustrates, and sets the standard for grading United States coins. The world's largest and most prestigious grading organization has created an amazing, one-of-a-kind guide that reveals its grading and authentication secrets. John W. Johnson, Former Director of the United States Mint, has this to say about this book: "By furnishing a simple yet detailed guide to grading coins, PCGS has made it easy to understand the number that appears on a grading holder. Reading this book will make you an expert" The Official ® Guide to Coin Grading and Counterfeit Detection, illustrates and explains with precise descriptions and digital images how you can determine the exact condition of a coin. Here is a grading volume so complete that-like its author, PCGS-it indeed sets the standard for grading coins. Inside this illustrated guide you will find: The standards for grading all United States coins, including precise definitions of Mint State and circulated grades. An all-new section on how to grade America's 50-States quarters. The fundamentals of counterfeit detection. The secrets of handling and storing your collection. State-of-the-art techniques used to recognize "doctored" coins. Over 600 detailed illustrations. This award-winning guide is the only book on the market that encompasses so many facets of coin grading and counterfeit detection. Actual size of book - 9 1/8" H x 6 " W - 416 Pages - Illustrated.
