Valley of the Giants Stuart Taylor

A new series following a group of professional adventurers. They hunt down monsters for profit while they are searching for a much greater prize. They have followed clues for three years, searching for the truth behind the legend of the nature giants and the story of them being held prisoner in a remote mountain region. Flamonge is a young, powerful fire mage. She is the driving force behind wanting to find and free the nature giants. Emerald is a secretive healer that relies on Flamonge for protection. Brawn and Jasper are both fighters but could not be more different. Brawn is an armored warrior with a heavy axe and a dangerous battle lust. Jasper is a more versatile fighter, equally good with bow or sword. His weakness is a perpetual need, perhaps addiction, to a wide variety of herbs and powders he takes to enhance his fighting abilities, or to rest at the end of the day. Last but not least is Wren, a young scout just starting out in his adventuring life. He has big dreams of being a legend one day.
