Devil's Elbow is the final book of the Legacy trilogy. After the defeat of the British at the Battle of New Orleans, Richard Tetrault is abducted off the battlefield at Chalmette and taken through the Baratarian swamps to meet with a chilling Napoleonic agent. Here, every doubt he ever nursed as to his identity is questioned and tested.

Tara Kendall and her party struggle to find a way to escape a slave den deep in the swamp. But the worst is not over, for she faces the loss of all she holds dear, and eventually, her very life.

Their fight to win free creates devastating consequences that resound all the way back to Devil's Elbow in Virginia.
