T3XTURE is an annual, international publication for architects, artists, writers, and designers interested the haptic in architecture and art. Texture in architecture is the layering of geography, structure, space, constructions, materiality, digital fabrications, passages, ideas, and the movements of human activity in a composition thus determining the overall qualities of a form or place. T3xture seeks to elevate the discourse on texture to the level currently paid to space and tectonics. Each issue collects architectural projects, drawings, poems, and photographs from contributors from all over the world. Issue No.2 addresses the creation of modern architectural ornament.
