Cosmic Trigger I: Final Secret of the Illuminati (Volume 1) Robert Anton Wilson

The great modern classic of a brilliant rebel's personal exploration into the nature of consciousness

Featuring a New Introduction by John Higgs

"Cosmic Trigger deals with a process of deliberately induced brain change. This process is called "initiation" or "vision quest" in many traditional societies and can loosely be considered some dangerous variety of self-psychotherapy in modern terminology. I do not recommend it for everybody . . . briefly, the main thing I learned in my experiments is that "reality" is always plural and mutable." - Robert Anton Wilson from the Preface
