The Last Green Tree (Sci Fi Essential Books) Jim Grimsley

Jim Grimsley's previous science fiction novel, *The Ordinary*, was named one of the Top Ten science fiction books of the year by *Booklist* and won the Lambda Literary Award. His novels and short stories have been favorably compared to those of Ursula K. Le Guin, Jack Vance, and Samuel R. Delany. Now Grimsley returns to the richly complex milieu of *The Ordinary* with a gripping tale of magic, science, and an epic clash between godlike forces.

Three hundred years have passed since the Conquest, and the Great Mage rules over all of humanity, even as cybernetic links connect the varied worlds of the empire. Vast Gates allow travel from one planet to another, across unimaginable distances. Choirs of chanting priests maintain order, their songs subtly shaping reality, while the armies of the empire have known nothing but total victory for centuries.

But on the planet Aramen, where sentient trees keep human symbionts as slaves, a power has arisen that may rival that of the Great Mage himself. Hordes of unnatural creatures rampage across the planet, leaving death and destruction in their wake. An inhuman intelligence, cruel and implacable, meets the priests' sung magic with a strange new music of its own. The Anilyn Gate is shut down, cutting off Aramen from the rest of humanity. The long era of peace is over.

Now a handful of traumatized survivors must venture deep into a hostile wilderness on a desperate mission to uncover the source of the enemy's powers. And the future of the universe may depend on the untested abilities of one damaged child. . . .

The Last Green Tree is a worthy successor to *The Ordinary* and a compelling saga in its own right.

From reader reviews:

Arthur Pineda:

Do you have favorite book? When you have, what is your favorite's book? Guide is very important thing for us to be aware of everything in the world. Each reserve has different aim as well as goal; it means that book has different type. Some people feel enjoy to spend their a chance to read a book. They can be reading whatever they have because their hobby is actually reading a book. Consider the person who don't like reading a book? Sometime, particular person feel need book once they found difficult problem or perhaps exercise. Well, probably you should have this The Last Green Tree (Sci Fi Essential Books).

Lily McDermott:

In other case, little individuals like to read book The Last Green Tree (Sci Fi Essential Books). You can choose the best book if you want reading a book. Provided that we know about how is important the book The Last Green Tree (Sci Fi Essential Books). You can add information and of course you can around the world by a book. Absolutely right, simply because from book you can realize everything! From your country right up until foreign or abroad you may be known. About simple point until wonderful thing it is possible to know that. In this era, we could open a book or searching by internet system. It is called e-book. You may use it when you feel bored to go to the library. Let's study.

Alice Navarro:

Spent a free the perfect time to be fun activity to try and do! A lot of people spent their spare time with their family, or their very own friends. Usually they doing activity like watching television, planning to beach, or picnic from the park. They actually doing same every week. Do you feel it? Do you want to something different to fill your current free time/ holiday? May be reading a book can be option to fill your free time/ holiday. The first thing you ask may be what kinds of reserve that you should read. If you want to try look for book, may be the guide untitled The Last Green Tree (Sci Fi Essential Books) can be good book to read. May be it might be best activity to you.

Walter Telford:

As a student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some book, they are complained. Just little students that has reading's heart or real their hobby. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring and also can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this The Last Green Tree (Sci Fi Essential Books) can make you sense more interested to read.
