Formerly a publication of The Brain Store

This handy, pocket-sized guide shows you how to put a new twist on your teaching and training practices to stimulate and invigorate learners. Its environmental, instructor, and student sections each present specific state-changing activities and the brain research behind them. While strategies are geared for secondary classrooms, they are adaptable for any age group including primary and collegiate. You'll be amazed how simple changes in the way you present material or arrange the classroom can capture student interest and keep learners focused.
