Animal Nutrition with Transgenic Plants (CABI Biotechnology Series)

Animal Nutrition with Transgenic Plants (CABI Biotechnology Series)

Transgenic plants are cultivated on a large scale worldwide, and most of the harvested products are fed to domestic animals. By gathering together more than 150 feeding studies with food-producing animals, and covering both first- and second-generation transgenic plants, this book provides the first central resource of this information for researchers, students, policy makers and all those who are interested in future developments in the field.
