Peter Pan in Kensington Gardens (Illustrated and Annotated) J.M. Barrie

Peter Pan in Kensington Gardens is a book by J. M. Barrie, published in 1906; it is one of four major literary works by Barrie featuring the widely known literary character he created, Peter Pan.

Peter is a seven-day-old infant who, "like all infants", used to be part bird. Peter has complete faith in his flying abilities, so, upon hearing a discussion of his adult life, he is able to escape out of the window of his London home and return to Kensington Gardens. Upon returning to the Gardens, Peter is shocked to learn from the crow Solomon Caw that he is not still a bird, but more like a human – Solomon says he is crossed between them as a "Betwixt-and-Between". Unfortunately, Peter now knows he cannot fly, so he is stranded in Kensington Gardens. At first, Peter can only get around on foot, but he commissions the building of a child-sized thrush's nest that he can use as a boat to navigate the Gardens by way of the Serpentine, the large lake that divides Kensington Gardens from Hyde Park.

This edition has been formatted for your Kindle, with an active table of contents. It has also been annotated, with additional information about the book and its author, including an overview, plot introduction, plot summary, related works, setting, information about Peter Pan, biographical and bibliographical information.
